

Education

Case Western Reserve University (CWRU)

Undergraduate Student | B.S. Applied Mathematics
Secondary Major Computer Science | Minor Finance

Cleveland, OH

Expected Graduation: 2028

GPA: 3.9

Work Experience

The Math Movement

Cleveland, OH

College Instructor

June 2024 – July 2024, June 2025 – July 2025

- Designed and delivered engaging lessons to middle school students.
- Supervised and assisted seven Teaching Assistants.
- Showed leadership and adaptability to support students.

Teaching Assistant

2022 – July 2022, June 2023 – July 2023

- Provided 1-on-1 academic support to reinforce key concepts and address student difficulties.
- Managed classrooms of students using tutoring strategies and patience.
- Helped students achieve significant improvements in homework completion and testing.

Directed Research

Cleveland, OH

Research Assistant, Professor Abhinendra Singh

June 2025 – July 2025

- Assisted in the Department of Macromolecular Science and Engineering (CWRU)
- Modeled macromolecular systems using Blender to visualize polymer structure in 3D.
- Used MATLAB to generate graphical representations of macromolecular system behaviors to support analysis of non-Newtonian flow characteristics.

Leadership and Community Experience

Girls Who Code CWRU

Cleveland, OH

Arduino Coordinator

Jan. 2025 – Present

- Develop and teach an 8-week course on hardware fundamentals, circuit design, and coding concepts for high school students using Arduino microcontrollers.
- Create workshops for club participants and for outreach events in the Cleveland area.
- Participate in weekly executive and group meetings to serve the club's mission to foster a diverse coding community.

Swing Dance Club CWRU

Cleveland, OH

President

Jan. 2026 – Present

- Organize club operations, plan lessons, and create events to increase membership.
- Lead weekly lessons teaching members of various skill levels.

Treasurer

Jan. 2025 – Jan. 2026

- Coordinated fundraising efforts and ensured proper financial tracking.
- Managed a \$3,000 operating budget, tracking expenses and reimbursements on a balance sheet.
- Allocated funding for high-attendance events, optimizing budget for maximum affect.

Relevant Coursework and Coding Language Proficiency

Relevant Coursework: Algorithms, Data Structures, Linear Algebra, Scientific Computing

Coding Languages: Python, JAVA, MATLAB, Arduino, LaTeX, Excel, HTML, CSS, JavaScript
